

Google patents [Advanced](#)**Patents** Patents **1 - 10** on **exchanged information about a security association with cellular network.** (0.08 seconds)▸ **List view**[Cover view](#)▸ **Sort by relevance**[Sort by date \(new first\)](#)[Sort by date \(old first\)](#)▸ **Any status**[Issued patents](#)[Applications](#)[Base station which relays **cellular** verification signals via a telephone wire ...](#)

US Pat. 5812955 - Filed Mar 3, 1994 - Ericsson Inc.

An example of a radio communications system is a **cellular** phone **network**. ...**Exchanged security information** can also include authentication signals that ...[Ad hoc networking of terminals aided by a **cellular network**](#)

US Pat. 6904055 - Filed Jun 24, 2002 - Nokia Corporation

Number and kind of needed encryption keys or **security association** tokens is ...**information** optimized for the terminal from the **cellular network** used in ...[\[APPLICATION\] Method for processing location **information** relating to a terminal connected ...](#)

US Pat. 9864017 - Filed May 23, 2001

With the help of the **information** included in the **security** documents, ... element connected to a **cellular network information about a security association**, ...[Secure radio personal communications system and method](#)

US Pat. 6256514 - Filed Sep 18, 1998 - Ericsson, Inc.

An example of a radio communications system is a **cellular** phone **network**. ...**Exchanged security information** can also include authentication signals that ...[Authentication and handover methods and systems for radio personal ...](#)

US Pat. 5598459 - Filed Jun 29, 1995 - Ericsson Inc.

Security is a major concern during handover from the wide area **cellular network** to the telephone base station when the **cellular** terminal enters the local ...[\[APPLICATION\] TUNNELING **SECURITY ASSOCIATION** MESSAGES THROUGH A MESH **NETWORK**](#)

US Pat. 11470973 - Filed Sep 7, 2006 - MOTOROLA, INC.

The MPP 141 may be, for example, a **cellular** base station or other wireless ...136, can also communicate **information** packets with a **cellular-based network** ...[Method and apparatus for key transforms to discriminate between different ...](#)

US Pat. 5594795 - Filed Jul 5, 1994 - Ericsson Inc.

A **cellular** phone attempting to access the **cellular network** is ... a means of discriminating the **security information** between different networks such that ...[Efficient **security association** establishment negotiation technique](#)

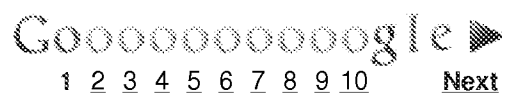

US Pat. 7213144 - Filed Aug 8, 2001 - Nokia Corporation

1 2 EFFICIENT **SECURITY ASSOCIATION** messages before agreeing on specific parameters of ... While the **cellular network**, the Mobile Node and the Foreign Agent ...[Personal reach service with paging and optional point of entry via **cellular** ...](#)

US Pat. 5907811 - Filed Jul 25, 1996 - AT&T Corp

Both the **cellular network** 20 and a bridging and signaling unit of the personal ... Out-bound calls need **security information**. Thus, there is no need for the ...[Communication system and methods for enhanced **information** transfer](#)

US Pat. 6192255 - Filed Dec 15, 1992 - Texas Instruments Incorporated

exchanged information about a security asso: [Search Patents](#)
